

FIRE FUEL REDUCTION DAYS

June 7th & 8th 2019

Anderson CA

6904 Banigan Rd. Anderson, CA 96007

www.rgwequipment.com

RGW Equipment and Loftness manufacturing would like to invite you to a fire fuel reduction demo June 7 and 8 2019 at our Anderson store location. We will be featuring a full line of excavators with Loftness mulching heads, as well as a full line of skid steer heads mounted on ASV 75 and 120 machines. Please join us for 2 fun filled days of mulching. See how these machines can reduce fire fuels and also learn how they work as well. RGW and Loftness factory reps on site to answer any of your questions.

RSVP

If you would like to run any of the units yourself please RSVP us so we can get you some seat time.

Food/Beverage available from Boar Hunter BBQ both days.
