SKID STEER & PTO

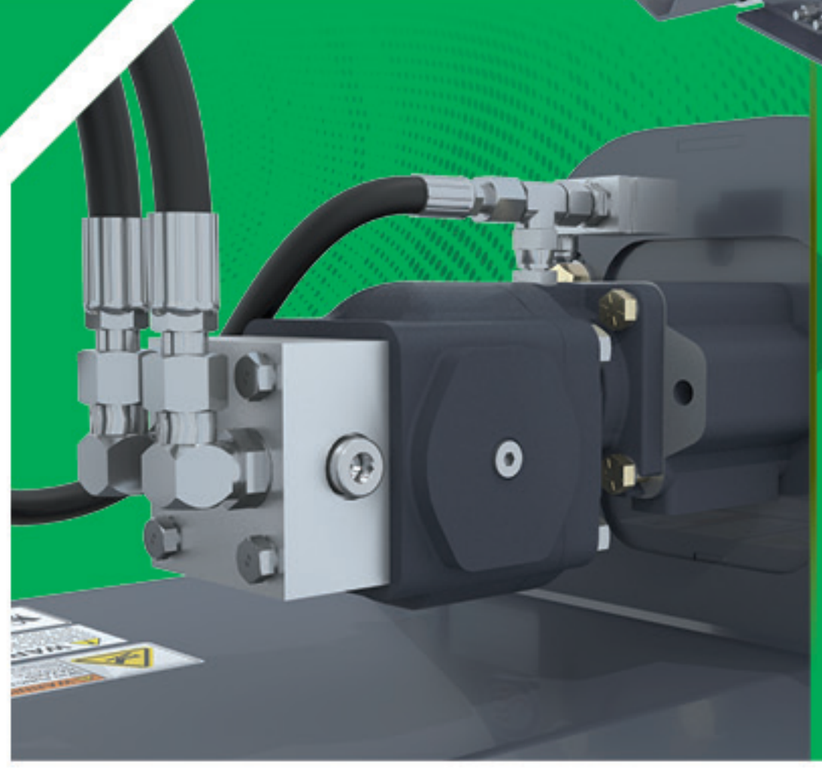

Proudly American.

SKID STEER

FLAIL MOWER

PLENTY OF POWER

A reliable high-pressure gear motor allows the flail mower to slice through some of the toughest grasses, weeds and brush. Multiple options are available to accommodate low- and high-flow skid steers with or without a case drain.

3/4" CUTTING CAPACITY

GO WITH THE FLOAT

Optional Floating Hitch

An optional floating hitch helps prevent the flail mower from gouging the ground. It includes adjustable caster wheels that follow the ground contour to produce an even cut. The floating hitch also makes operation easier by eliminating the need for constant height adjustments.

PTO FLAIL MOWER

DESIGNED FOR DURABILITY

The flail mower was engineered with large-diameter bearings, a reliable drive system and premium strength steel housing. It's built to last for years of use in tough conditions, making it a perfect fit for many applications, from large properties to right-of-ways.

The PTO-driven flail mower from Loftness adds versatility to your existing tractor with 540 RPM PTO and 25-70 horsepower. This model can attach via Cat. I or II, free-link or quick hitch.

» ***Fine-cut, reversible knives*** *slice through material up to 3/4" in diameter.*

» *The flail mower can be* ***mounted in the center of the tractor or 14 inches offset*** *to the right.*

» *A* ***heavy-duty gearbox*** *is rated for 70 horsepower.*

CHOOSE YOUR WEAPON

The flail mower can be equipped with duckfoot knives to produce a finer cut in easier cutting conditions or flail knives for use in more challenging vegetation. Easily change between knives without having to use any tools.

Every rotor is **perfectly balanced** at high speeds using the latest computer technology.

An adjustable full-width gauge roller provides **a consistent cutting height**.
